

Rev. David Kayode

"The Voice For The Voiceless"

A Short Biography & Political Agenda

**Support Rev. David Kayode, Vote For
Him For New York City Council
Member, From Queens District #28**

WHO IS REV. DAVID KAYODE?

"The Voice For The Voiceless" Of New York City

1-Education & Family

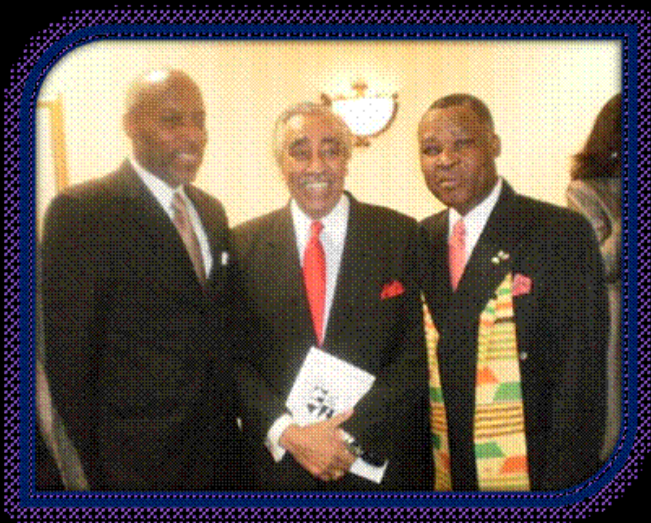

Honorable Rev. Kayode is a native of the Ijero Kingdom, Ekiti State in Nigeria. He came to the United States in 1977 to pursue his interest in Management Studies and attended West Virginia University of Technology where he received both a Bachelor of Science degree in Management Studies, and Honors as the Ambassador of Goodwill from the West Virginia Secretary of State.

He also received a Master of Arts degree in Educational Administration and Organizational Development from Keane University, New Jersey.

The Rev. is married to Adunni, and they are blessed with three girls and two boys. Two of his children have also earned their graduate degrees.

2-Profession & Service To The Community

In 1983, Rev. David Kayode received his ordination from the Gospel of Fellowship Ministries and Church International.

He worked hard with families and many communities to interact and understand their challenges with a view to linking them to both counseling and resources that will resolve their spiritual, social and economic challenges.

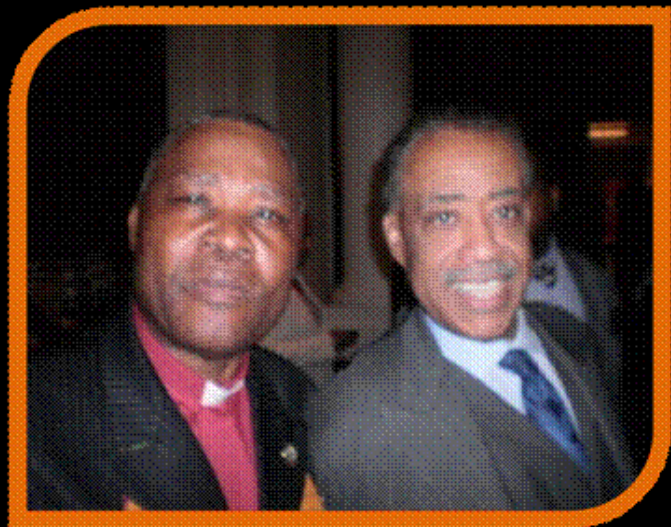

After working with communities and families on a number of community projects for seven years (1983-1990),

the Rev. increased his professional and community service scope by joining the New York City Department of Homeless Services (NYCDHS) as an Outreach Team Leader.

He tirelessly made a huge contribution and soon became a New York State Credentialed Alcohol and Substance Abuse Counselor (CASAC) and has been practicing since 1996 at the **NYCDHS** at **NYCDHS** Bedford-Atlantic Men's Assessment Center in the Borough of Brooklyn.

Therefore the Rev. has been conversant of all the social, economic, educational, housing, medical and public safety problems that plague our communities and had been in the battle field for many years working hard to combat them.

He has been a social and activist warrior of the people.

His experiences from working at New York City Department Of Homeless Services (**NYCDHS**) has seasoned him and prepare him to be ready to play a larger role in helping others to tackle their various problems in the society so as to improve themselves, be successful, healthy and happy.

3-Recognition and Appointments

In 2004, the Rev. was honored with the Special **Outstanding Professional Award by the International Narcotic Enforcement Association, (INEA)** for his laudable achievement in the field of substance abuse.

The Rev. has also been appointed as member of New York City (NYC) **Community Board# 12** and as a **Legislative Aide for NYC District # 28**, in 2006.

He has also been listed on the **American Immigrant Wall of Honor at Ellis Island**, in NYC, and is presently a Non-Governmental Organizational Representative to the United Nations.

In 2008, he was honored by **New York State Office of Alcoholism and Substance Abuse Services** as a **Credentialed Alcoholism and Substance Abuse Counselor** of the year 2007-2008.

He was also recognized as an **Internationally Certified Alcohol and Drug Counselor (ICADC)** and an **Internationally Certified Prevention Specialist (ICPS)**, by the **International Certification and Reciprocity Consortium (ICRC)**.

Brooklyn, NY

(6) Counselor of Addiction Treatment
NYCDHS
Bedford-Atlantic Men's Assessment Center.
Brooklyn, NY

5- MY VISION-(A Summary)

Rev. David Kayode Is The Strongest & Best Candidate For New York City Council From Queens District #28

The honorable Rev. David B. Kayode's career, professional and social objectives are ingrained in deep traditional values which have empowered him to serve the spiritual and social needs of the people and facilitates opportunities leading to both economic and educational security for diverse communities.

His mission is to manifest his vision of working with community members to overcome significant contemporary challenges they face within the district in order to improve their future social, economic, educational & health conditions.

As residents of the 28th Council District of Queens approach the month of November, they will elect their next City Councilman to represent them at City Hall.

Before you do, please carefully consider my reasons about why I, Rev. David B. Kayode consider myself, (with all senses of humility,) the strongest and best City Council Candidate to serve and represent you.

The Platform On Which I am Running For City Council Member From The 28th District, Queens NY.

I would like to highlight four key areas my campaign is centered on:

(a) EMPLOYMENT

(Creating Jobs)

(b) HOUSING

(Creating LOW INCOME AFFORDABLE Housing),

(c) EDUCATION

(Improving Our Public Schools) And

(d) PUBLIC SAFETY

(Reducing and Combating Crimes.)

(a)-EMPLOYMENT (Creating Jobs)

We all know that like many other places around the world, New York is experiencing the after effects of the global economic downturn in which we are all affected. However, the City, State and Federal governments have made provisions to help you and me during this time.

I will
stand
with
you if

you are unemployed and lead you to sources of unemployment's benefits, I will host small business experts in my district to talk to small business owners and advise them to tap into existing resources that will leverage their businesses.

I am going to visit all the Merchants Associations in my district and ensure that while they are getting information to help their business from the City, they also help all the people in need in my district.

As City Councilman, I shall address the double digit unemployment rate that currently but unjustifiably plagues our community. I pledge to implement a robust, enduring and viable job development plan for our residents. Essentially, I shall maximally utilize untapped business resources available both in and out of our District.

Rather than allow these ready- to-use resources to go undeveloped, I shall optimally put them to effective use. A key strategy of my vision is to organize and mobilize key interest groups both inside and outside of our community to effectively and immediately focus on tackling the causes of our double digit unemployment problem, so that TOGETHER, we all can move forward in a positive direction that will usher in prosperity, progress and happiness for all, ESPECIALLY FOR FUTURE GENERATIONS.

(b)-HOUSING (Creating Low Income Affordable Housing)

As someone who has worked with the homeless in New York City, I understand the challenges that they face. I know even as I speak now that someone is homeless, not because they want to but because they do not know where to access the information that will lead them to finding shelters.

We live in a City with a dynamic and sophisticated communication architecture which poses challenges for people in the community to access information. When I am elected, I will shrink the communication gap in housing matters and link the people in need to sources where they can get help.

The housing challenge continues being a challenge in our district and people are not empowered enough to access information that works in their favor.

(c)-EDUCATION

(Improve Our Public Schools)

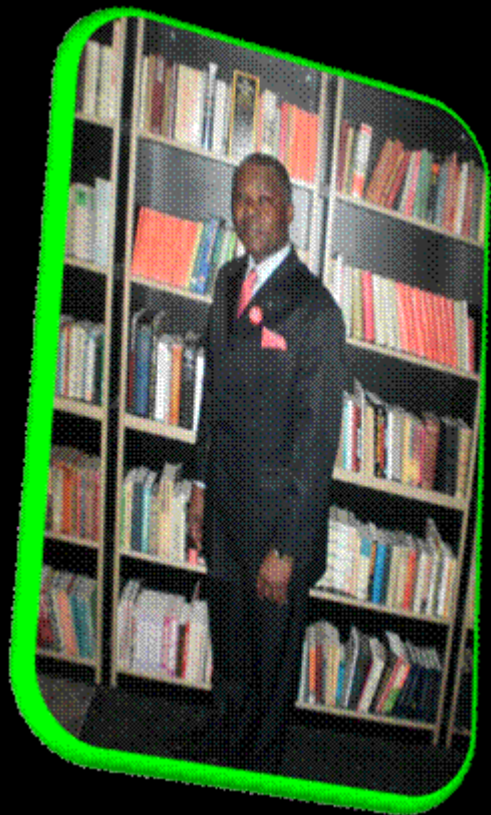

As a parent who has successfully worked with teachers in getting my children through public schools, I am going to work with schools in my district, community boards and New York City to give parents all the support they need to actively engage in the welfare of the children in school.

When I go to represent you at City Hall, I will sponsor bills that will incentivize the parents involvement in the school affairs.

I shall commit to saving our public schools from the destructive and systematic attacks by community outsiders, who surely have no stake in OUR community! I shall not stand by and allow the futures of our fathers, mothers, children, our brothers, our sisters, our cousins, our families, our friends, and our dear neighbors and fellow residents get destroyed by the uncaring and selfish actions of a negligible but financially entrenched few, who, either do not care, or care to understand the implications of what they do, as it impact on the future of our children! Yes!

There is a clear relationship between the inaction of people and not caring to learn how to read, write, and compute and finally ending up in jail! This is NOT what our community should represent! We can only fight this common cause by uniting and positively considering my candidacy! I AM YOU! AND YOU ARE ME!

As YOUR MAN in the City Council, I will not allow the continuation of the dubious social misdeeds of cutting off public education to our community members, which translate into having more of our kids, our fathers, our mothers, our brothers, our sisters, being sent to jail because of the lack of opportunities to get educated!

The social stigma of having served terms in jail ultimately presents fewer employment opportunities due to their criminal records. We refuse to continue going on this path!

Please join me in NOT giving chance to the social injustice of cutting education, which will lead to incarceration. We shall play more prominent roles in National engagements and have more of our kids being role models in areas of sports, academics and politics, in this our great country, the United States of America! This is our home! And we shall make it good!!!

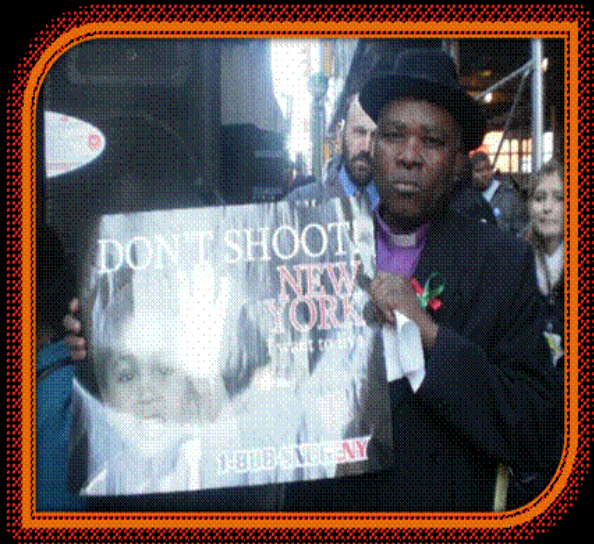

(d)-PUBLIC SAFETY (Combating and Reducing Crimes)

I want to encourage people from my community to be active in the Community Boards and Precinct Councils and Community Boards. Once the relationship between the police and the community is strengthened, we are going to have a safer community. Once I am elected I will be sending application forms and further information for you to look at and start engaging in precinct councils and community boards.

Further, I will make sure that your concerns are heard should any case regarding police brutality occur in my district. I am the voice for the voiceless.

Lastly, as your City Councilman, I shall ensure that our streets will be much safer than they have been in many years. We shall work together to make the streets safe! Once in office, I intend to implement my new work-plan to key into the aspirations and hopes of various key groups in our community in order to ensure lower crime rates, through more effective education, enlightenment, social discourse, crime prevention, detection, reporting, recording, apprehension and sentencing leading to much greater public safety on our streets, in our parks,

and throughout our district!

The future of our District is in our hands! We all know what our founding fathers want! We all know what we want! Remember that I can deliver what you want. But ONLY with your support! Let's not leave things as they are and have been. The choice is clear about what to do.

As the situation in our community continues to grow worse, it is getting very clear that no one has done anything to effectively remedy our community's problems. Yet our children are being born and they represent OUR future! Let us stand up for OUR future! Let us stand up for Reverend Kayode!

As American citizens, a vote for me is a vote for improvement to the quality of our community life, such as employment, education, and decent affordable housing. After I am elected, I shall implement all my plans, so that I can effectively deal with the twin problems in our district, such as, the growing number of homeless people and the lack of decent affordable housing.

This shall be with YOUR help! I intend to fix the problems by quickly getting them onto the "political" table and into the political forum for social action that will productively remedy these and any future, emerging problems. All my actions shall be in FULL CONSULTATION with you, my constituency!

TOGETHER WE SHALL DO IT!!! YES WE SHALL DO IT!!!

(6) DONATIONS

The Rev desperately needs your help to win this election so that he can go to City Hall and work hard as your Councilman and help you solve all your personal, family and community problems.

You may donate anything you have to his campaign which may include money, office equipments, laptops, copy machines, printers, fax machines, printing services, copy papers, telephone services, furniture, iPad, cellphones, telephones, fans, refrigerator, food stuff, vans, cars, free advertisements + publicity and your time as a volunteer.
